

# \$45 NET CASH

for a one and a half horsepower engine complete. This is a job that will take about a month to complete. It will work from morning until night, pumping, turning the cream separator, washing machine, grindstone, and doing all other little jobs that take time. We are also state jobbing distributors for the famous Foss line of high grade engines and on account of lack of space, and wishing to push the Foss line diligently, we are also offering our entire line of L. H. C. Engines at cost. We have on hand a full line of these engines and feel quite sure that there is one for your requirements. At any rate call on us and ask us to give you a price.
